

Overall, the series of well-rounded talks and insightful one-on-one conversations greatly influenced my overall experience at the conference and initiated ideas that will greatly enrich my graduate school experience

As always, it's a great conference!

This was a fantastic meeting with the perfect mix of talks and discussions on all the critical aspects of antiviral research and development against respiratory viruses

It was a FANTASTIC conference – congrats!!!

# Thank you for joining us .... We've had some great feedback

I had such a great time, the meeting went off seamlessly from my perspective :)

Thanks again to ISIRV-AVG for inviting me to that great meeting!

Thank you for such a wonderful program. I know that you put blood sweat and tears in to the conference and it was FABULOUS!

I also would like to extend my gratitude to the organizing / committee of the AVG Conference for organizing such an insightful and well-executed event.

I consider that the event was very important for my professional improvement the organization was excellent, as was the coverage of issues and the inclusion of researchers/professionals representatives of the various segments of the subject and of various areas and applications

Participating in the AVG Conference and presenting my research was an enriching experience
