2ND INTERNATIONAL SYMPOSIUM ON NEGLECTED INFLUENZA VIRUSES

7TH - 8TH MARCH 2013

**The Royal College of Physicians
of Ireland**
Number Six Kildare Street
Dublin 2, Ireland

This 2nd International Symposium on Neglected Influenza Viruses will retain the format, and build on the success of the inaugural symposium held in Florida in 2010. This conference will explore the latest surveillance data, vaccination and control strategies, diagnostic techniques, experimental research data and epidemiological and economic impact studies relating to swine, equine, canine and other nonhuman/nonavian influenza viruses.

GOALS AND OBJECTIVES

- To promote a transdisciplinary, co-ordinated approach to the control of influenza by integrating the scientific input from public health, veterinary health, environmental health, and basic science.
- To share knowledge of swine, equine, canine and marine mammal influenza viruses across continents and disciplines.
- To promote interaction among scientists interested in nonhuman/nonavian influenza viruses whose work may not regularly receive international attention.
- To explore the exploitation of data relating to the prevention, diagnosis, surveillance and control of influenza viruses in the protection of human and animal health.

TARGET AUDIENCE

- Veterinarians
- Virologists
- Public Health Professionals
- Physicians
- Epidemiologists
- Agriculture Experts
- Marine Biologists
- Historians
- Economists
- Physicians

CONFERENCE CO-CHAIRS

Ann Cullinane *MVB, PhD, MRCVS*
Head of Virology Unit, Irish Equine Centre
Johnstown, Co. Kildare, Ireland

Debra Elton *PhD*
Head of Virology, Animal Health Trust
Newmarket, Suffolk, United Kingdom

Gregory C. Gray *MD, MPH, FIDSA*
Professor and Chair,
Department of Environmental and Global Health,
College of Public Health and Health Professions
Professor, Department of Infectious Diseases
and Pathology,
College of Veterinary Medicine
Director, Global Pathogens Laboratory
Florida, USA

CALL FOR ABSTRACTS

The Scientific Committee invites co-authors to submit abstracts of original research papers in areas related to research in the field of mammalian influenza viruses from nonhuman/nonavian sources for presentation. Papers will be selected for inclusion in the program through Oral and Poster presentations. Please visit www.isirv.org/events for additional information on abstract submission including guidelines and categories.

FOR CONFERENCE, REGISTRATION, ABSTRACT SUBMISSION
